# JESUS "TIME TRAVELLIN" CHRIST

— WWTTTJD? —

# SYNOPSIS

A SECOND COMING. A SECOND CHANCE.  
A LOT OF ISSUES.

GOD IS EVERYWHERE.  
JUDGING YOU.  
PROBABLY DISAPPOINTED.

This is a story about the real Jesus, the **pissed off, lazy Jesus**. Just because he forgave our sins, doesn't mean he liked us. Learning to like humans won't be easy but with the help of his friends, Gabe and Penelope, God and an actual time machine he might just become the Jesus he was always destined to be, and y'know save the world. Consider this the **Ultra New Testament**:

It's **2199** and the world is a very different place. Some of it's scary like Blade Runner and some of it is fun like Back to the Future II. Ever since **Maxine Power** was "voted" president of the world things haven't been going so well. Maxine is the daughter of the Devil and he's sent her and a demon dog named **Damian** to bring about the apocalypse.

After looking on for way too long and doing nothing, God decides its time for the second coming of Jesus. He sends along an angel named **Gabriel (Gabe)** to help him stay focused. There's one big problem, Jesus hates earth and God has stripped him of his powers till he shows he is responsible enough to earn them back.

Last time Jesus was here he got screwed big time and he really doesn't want to do that again. However, God insists and before he knows it, much to Jesus' dismay, he finds himself waking up on earth in some other dude's body as if a genie had zapped him there. Jesus soon meets **Penelope**, steals a time machine and decides to go back in time to stop original sin and thus begins a series of failures that put the entire bible and world as we know it into motion.
